

KloudDisplay K2 Advance Specifications

Technical Specifications

Hardware Specifications

Chipset	Intel® Core™ i5-7200U
GPU	Intel® HD Graphics 620
RAM	4GB LPDDR3
ROM	256GB, Support NVME SSD

Power Supply Specifications

Power Supply	5.5mm 12V/3A
DC connector	5.5MM power connector

Main Features

OS	Linux
WIFI	Dual band WIFI 2.4G/5.8G
Ethernet	Built-in Realtek LAN chip, Support 1000M
DP	HDMI/VGA/DP Multi screen display
USB Interface	2xUSB2.0 4xUSB3.0
Headphone jack	3.5mm standard headphone jack
VGA	HDMI/VGA/DP Multi screen display
Keyboard	Supportive
Mouse	USB,BT Expandable Wired / Wireless Supportive

Features

- **7th Generation Intel Core i5-7200U CPU, Quad Core, 3.50 GHz, 4M Cache**
Low-power desktop platform processor, stable and reliable performance, less delay and lag.
- **Intel HD Graphic 620 GPU**
Better and faster in playing games and watching videos than the previous generation. Meet your requirement for high resolution and give you an enjoyable entertainment experience.
- **Good Heat Dissipation Performance**
Built-in excellent cooling fan ensures efficient and rapid heat dissipation. Energy saving, environmental protection, and low power consumption.
- **Rich interface, support multiple devices connection**
